YOU MAY HAVE RECENTLY SEEN OUR BILLBOARDS BUT WE ARE NOT THE NEW KID ON THE BLOCK!

MIS Claims, part of the MIS Group, have been handling the claims for the motoring population of Northern Ireland for over 27 years and have worked closely with local brokers to look after clients in the Newtownards area and Ards Peninsula especially.

Being the longest standing local claims handling agents, we have always been able to provide the best service possible to these motorists, ensuring that we have local approved repairers within a few

miles of home. These approved repairers offer a guarantee on repairs and to make sure you can still get around, we ensure you have a courtesy car or hire vehicle where possible as we know how valuable your own transport can be.

When involved in a non-fault accident, the last thing you want is to be left having to sort your own repairs, replacement car and solicitors. At MIS, we do all of that for you, at no cost to you. When it's not your fault, we'll take responsibility! Better still, where possible, we will claim directly from the insurer of the at-fault party, meaning you have no excess to pay!

We have over 200 cars on our hire fleet of all different makes, models and sizes.

We have small cars, family cars, 4x4 jeeps, prestige cars, taxis, vans and dual-control vehicles. So, no matter what type of car you drive, we will be able to give you a like-for-like replacement to keep you on the road. Ts & Cs apply.

The staff at MIS have completed their Insurance Institute Exams and so are fully qualified to provide the best advice to you. MIS is also authorised and regulated by the Financial Conduct Authority for your protection. So rather than using a recovery agent, bodyshop or car dealer claiming to be a claims expert to handle your claim, you can trust MIS Claims to look after you!
